

# Kerry Berman's Desert Eco Tours

[www.kerryberman.com](http://www.kerryberman.com) or [Kerry@kerryberman.com](mailto:Kerry@kerryberman.com)

## *New Lecture Series for 2023-2024*

One hour power point presentations: \$100 each or \$395 for (6) series

- # 1) **Geology of the Coachella Valley** (Plate tectonics, Earthquake Faults, Mountain Building, Land Formations in our desert)
- #2) **Native Americans & Pioneer History to Tourism** (Cahuilla Indians, Western European Explorers, Settlers, Farmers, Ranchers, Gold Mining, Homesteading, Southern Pacific Railroad)
- #3) **Energy – Natural & Renewable Sources** (Wind, Solar, Geo- thermal, Bio –mass, small hydro- electric, natural gas.) The valley has the potential to be recognized as the ‘Renewable Energy Capitol of America’.
- #4) **History of Water & Agriculture in the Coachella Valley** (Lake Cahuilla, Salton Sea, Aquifers, and the Colorado River Aqueduct)
- #5) **Native Desert Plants & Animals** (The Good, The Bad, & The Ugly)  
1 of every 5 plants in the valley have been used for food, clothing, medicine, housing. From Rodents to Mountain Lions to Black Bear.
- #6) **Exploring Our Valleys Treasurers**

Visit our most exciting attractions from White Water Preserve in the West Valley to the Salton Sea in the East and everything in between.

### **NEW LECTURE: “ENCHANTED VALLEY PALM SPRINGS & BEYOND”**

This 2 Hour our power point presentation (\$175) will take you on a journey from Pioneer Town in the high desert to the Salton Sea in the low desert and every popular destination in between. Also, book is available on my website [www.kerryberman.com](http://www.kerryberman.com) . Wonderful pictures and explanation for each destination. **Free** for Historical Societies, Libraries, Schools and non-profits whose focus is on history and the preservation of our environment.
